The number of questions in each section is indicative of general scope and design of the question paper. However, the actual question paper might somewhat vary in its contents, their distribution and their level of difficulty.

All the above test items will be given in a composite test booklet, which will be printed in English and in Hindi. You may attempt the test in any order you like. Since the questions in the test Booklet are objective type, answers are not required to be written in words or sentences. For each question, there are four answer choices suggested and only one of them is right. You have to select in right answer from amongst the given answer. **In case you find that none of the four alternatives is correct, you have to mark ‘0’.**
